CAREER OPPORTUNITIES YEAR 9 - 13

Incredible Opportunities For EVERY Student!

No two students are the same, and neither are our work experience opportunities! Whether they're into tech, fashion, engineering or media, we have something to spark their interest and build their confidence. This week, we're excited to share this 5-day placement with Mondelez! Where students will explore how new chocolate products are developed at the iconic Cadbury factory!

LEARN MORE ABOUT THIS OPPORTUNITY

TOP PLACEMENTS:

Explore the impact of technology

In this dynamic 4-hour insight session with the Met Office, students will explore how clear communication and cutting-edge technology, including AI, drive their work and make a real impact on society.

EXPLORE

YOU'RE INVITED: EXPLORE ESSAY COMPETITION LIVESTREAM LAUNCH

Sign up for Explore's latest livestream event to launch our new essay competition: 'Do we have enough?'

Our newest essay competition question is very broad and can be approached from many different angles. From 2 - 2:45pm on Friday 28 March we're giving students the opportunity to get their brains thinking about how they might want to start answering this question with an expert panel from the University of Oxford.

We've designed this event specifically for young people aged 11-18. Tickets are free and the only technical requirements are internet access and a free vimeo.com account. Teachers can stream this event in a classroom and submit pupil comments themselves if that is preferred.

We look forward to seeing you and your students online!

★ RATEMY APPRENTICESHIP

EMPOWER STUDENTS WITH APPRENTICESHIP OPPORTUNITIES AT RSM UK

We are excited to present apprenticeship opportunities at RSM UK, a leading provider of audit, tax and consulting services.

These apprenticeships offer your students a chance to gain practical experience while earning industry-recognised professional qualifications such as the Association of Accounting Technicians (AAT) and Association of Tax Technicians (ATT) before continuing onto their level 7 qualification.

Why should students choose an apprenticeship at RSM? Students will:

- Gain hands-on experience working alongside colleagues and clients
- Study towards a professional qualification while earning a competitive salary, allowing them to gain financial independence
- Be part of a supportive, inclusive team where they'll learn from experienced professionals every day

RSM UK's apprenticeships are ideal for students seeking an alternative to traditional university education, providing a direct pathway into a professional career.
